# Acknowledgments

To my Lord and Savior, Jesus Christ, who has stood by and encouraged me in the endless hours necessary to complete this project, as well as many other musical works, I extend my deepest gratitude. As in most of my music, these songs have been written and rewritten over decades before their final release. I hope the message they carry about the God of the Old Testament and His love for His people can be seen and appreciated as the same God who through Christ is leading us onward in our spiritual walk in pursuit of our eternal home with Him. I hope they touch your heart as they have mine, and bring you into a closer relation with Christ, Our Lord, Savior and Messiah.

A Servant of Christ,

## **Preface**

It has been 16 years since my first publication and the creation of The King's Court in 2000. This is now my 4<sup>th</sup> volume. Since then my vision as a songwriter has been to complete and publish the penciled scores that I wrote over a period of about 32 years, mostly as morning mediations in local cafes. It is still my intent to present the truths of the Holy Scripture in a way that reflects our great Christian musical heritage, to reflect not only our love for God in these songs but also His love for us and His call to us to assist in drawing the nations to Himself by providing music that is directed from the heart of God, through His Holy Word, to His bride. In seeking to know the heart of God we must first understand that His primary purpose through His people, beyond worship and Christian growth, is to bring others into the Kingdom. Therefore, evangelistic music, and by that I mean music directed toward the unsaved, is of primary importance. It is to these goals that The King's Court was created, and it is to the Holy Spirit, working to guide my path day by day through countless miraculous ways, that I again dedicate this book, and God willing, future volumes to come.

## **How To Use This Book**

This edition is designed specifically for guitarists, keyboard players and bass players who prefer a lead sheet format. All songs are arranged with a maximum of a 2 page layout to accommodate print outs for music stands in church services. The songs are arranged by following the layout of the book of Deuteronomy itself from beginning to the end. Related Christian lyrics are freely entered into these Old Testament themes carrying the message of Christ and revealing how the heart of God and His love for His chosen people can be experienced afresh today.

In reference to the key structure of the songs, I chose keys that the worship team leaders, soloist and wherever applicable, the congregation can sing, and the average to skilled musician can play. The bass note is included at the bottom of chord symbols if needed.

Instrumental introductions and interludes are marked in the scores, and are intended for the piano, or any appropriate available instrument. These short themes may be raised or lowered an octave to accommodate the instrument desired.

Permission is granted by the publisher to make copies of the book to assist musicians in the performance of these songs at any worship service.

It is hoped that these songs will be used in church services, bible studies, evangelistic concerts, Christian schools & camps, and any function where the Body of Christ gathers for praise to our Lord, Jesus Christ.

CCLI #'s are included in the songs. Catalogue - The King's Court
